

Super High Speed Steel Powdered Metal Top Slitter Knives

Hamilton Knife fabricates **Super High-Speed Steel** top slitters, utilizing particle metallurgy technology. Additionally, we offer fine quality conventional tool steel knives including 52100, D-2 and M-2 high speed. Standard and Custom knives are available for **Beloit, Cameron, Jagenburg, E.C.H. Will, Valmet**, and others.

1. Manufactured from premium materials that offer the highest wear resistance of any tool steel.
2. Tougher than carbide at less cost!
3. **Increased** tool life and **decreased** downtime mean that you will buy fewer tools, run more products, and enjoy greater profits.

**KNIFE SHARPENING IS OUR SPECIALTY
NOT A SIDELINE**
